FLATICON Font Demo

INSTRUCTIONS

① Copy the "Fonts" files and CSS files to your website CSS folder.

② Add the CSS link to your website source code on header.

```
<head>

...

<link rel="stylesheet" type="text/css" href="your_website_domain/css_root/flaticon.css">

...

</head>
```

③ Use the icon class on `"display: inline"` elements:

Use example: `<i class="flaticon-airplane49"></i>` or

`<span class="flaticon-airplane49"></span>`
